MEDICAL OFFICER OF HEALTH.

16th February, 1916.

Dear Sir,

I have to thank you for your communication of the 15th instant, and I much regret that, as previously mentioned, in consequence of the War it will not be possible to publish the Medical Officer of Health's report for 1914, etc., Dr. Lennane being at present with the Forces on Active Service. I understand from the Clerk to the Council that there is no likelihood of any Reports being published until after the end of the War. I should be only too pleased to forward a copy if it was possible, but I feel sure you will appreciate that the present times are so far from normal that the issuing or publication of such matter may well stand over.

Yours faithfully,

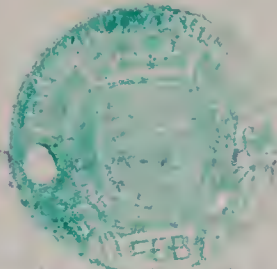

Acting Medical Officer of Health.

very glad to receive a copy if it was possible, but I feel

that you will appreciate that the present time is not far from
